

Points Index Transfer Policy

The Points Index Transfer Policy has been put together by the Cronulla JRL Clubs and the Cronulla Junior League to reduce the number of transfers within our competitions and for clubs to try to retain younger age groups. This will create more competition for the clubs. It is also to encourage clubs to find new players to the game.

JUNIOR RUGBY LEAGUE

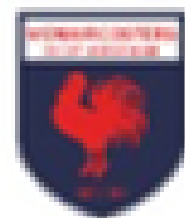

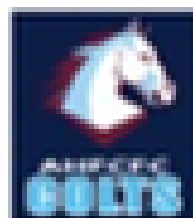

Points Index Transfer Policy

Under the points system only 2 players will be able to transfer into a club's age group.

Those 2 players must be from different clubs eg 2 players from Club A U9 cannot both transfer to Club B U9's etc.

Transfer requests will be actioned on a first in first served basis.

Points Index Transfer Policy

Transfers that do not comply will be denied and the player may either stay at the club they were last registered at, transfer to a different club or may write to the CJRL to have their transfer request reviewed as per Cronulla JRL Competition and Judiciary Guidelines (which are currently being updated and will be put on the website once completed).

JUNIOR RUGBY LEAGUE

Points Index Transfer Policy

Key Points

- Players must be fully cleared in My Sideline registration platform, prior to being able to train / play with a club.
- A player cannot train / play with a club if their clearance for whatever reason has been denied online without a full explanation. The coach / club will be held responsible for such breach and disciplinary action and a fine of \$500.00 per incident may apply.
- A player's clearance / transfer will be adjudicated on in accordance with these rules and on the players year of birth, not the age group the player is looking to register into.
